

Kansas Insurance & Financial Services Education

FOUNDATION

The Kansas Insurance & Financial Services Education Foundation's (the Foundation) purpose is to advance education and knowledge in insurance and financial services for the benefit of the public and the industry in Kansas, by stimulating interest, supporting educational programs and providing student scholarships.

The insurance and financial services industry offers diverse, rewarding, and exciting career possibilities. With your support, we can expand the talent pool and outlook of new generations to increase awareness of the limitless career opportunities available.

The Foundation is a charitable tax-exempt organization, led by educators, insurance agents, and financial services professionals dedicated to expanding the outlook of the industry to ensure a strong future.

Your contribution helps support the Kansas Insurance Certificate/Financial Services Leadership program, and generate and educate new talent and the next wave of leadership within the industry.
